Dear Mr. Vodanovic:

This is to acknowledge your kind letters to Mr. García Beraza. We are very much pleased with the work of these two writers, Juan Guzman Amestica and Carlos Morand. We are negotiating now for transportation and will let you know immediately by wire whether or not we have arranged this and which of the two we will be able to have with us. If anything should go awry with the arrangements we are making at this time you can be sure we can make some arrangement with one or both of these writers later on in the year. I want to thank you for your help and cooperation in this matter. Some times the intention, very firm in our case, to enlarge the scope of an organization like ours meets with obstacles, largely financial, which take a little time to resolve.

Cordially,

Margaret Shedd
