Dear Mrs. Betty and Mr. Sergio Vodanovic,

This is our first letter after your stay in Belgrade and we hope you are fine and in a good health.

We can imagine that you are, by all means, pretty tired after such a long tour, almost, throughout the world, but it was certainly interesting and amusing on one side, and when resuming plenty of recollections, it always stay as something very pleasant, something what can't be forgotten very soon. We suppose that you arrived safely in Santiago and that you found everyone well there. How is your little daughter and Mr. Vodanovich's mother?

Now, we want to tell you that we've sent separately mailed the lingaphone-method set for learning Serbo-Croat from the English language. You will see that there are, inside the set, records and the book and we hope it will be useful for both of you. There is no lingaphone-set made on Spanish language and we are sorry by that fact, because it can be much easier for you in that case. You will also find a small booklet "You, Sie, Voi, Vous" of the same kind and there is a record too at the end of that issue.

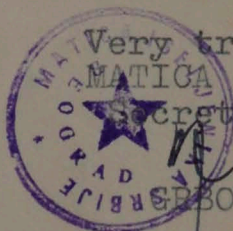

We ask you kindly to confirm the receipt, when the package came.

Miss Dragana Milošević and Mr. Branko Brankovic tell their best regards to you and wish all the best for the holidays of the coming Christmas and a Happy New Year.

I am joining with my greetings and the nicest wishes for your good health, pleasant mood, prosperity and happiness. Have a good time for holidays.

Awaiting your kind reply, I remain

Very truly yours,
MATICA ISELJENIKA SRBIJE
